	183	Storage of records and other documents

EYLF

LO1 C	Children feel safe, secure, and supported
-------	-------------------------------------------

Aim

To ensure that each child's enrolment is completed as per our legal requirements. Additionally, we aim to ensure that each child and family receives an enrolment and orientation process that meets their needs, allowing the family and child to feel safe and secure in the level of care that we provide.

Children

Families

Educators

Implementation

Our service accepts enrolments of children aged between 6weeks-6 years.

Enrolments will be accepted providing:

- The maximum daily attendance does not exceed the approved number of places of the service.
- Child-educator ratios are maintained across the service and in each room.
- A vacancy is available

Where limited vacancies are available, we may prioritise enrolling a child who is at risk of serious abuse or neglect, or who is a child of a sole parent who satisfies, or parents who both satisfy, the activity test through paid employment in line with the Federal Government's Priority of Access' guidelines. Within these categories we may also prioritise children in:

- Aboriginal and Torres Strait Islander families
- families with a disabled person
- families on low incomes
- families from a non-English speaking background
- socially isolated families
- single parent families.

Version 2 2/8

If we are providing a funded kindergarten program, we must meet the Victorian Government's Priority of Access criteria and will prioritise the enrolment of children who:

- are at risk of abuse or neglect
- are Aboriginal and Torres Strait Islander
- are asylum seekers or refuges
- are eligible for the Kindergarten fee subsidy
- have additional needs ie require additional assistance to participate, have an identified specific disability or developmental delay, require various services which are individually planned.

Enrolment:

When a family has indicated their interest in enrolling their child in our service, the following will occur:

- A tour of our service. During this tour, the educator conducting the tour will give the family information about the service including, but not limited to, programming methods, meals, incursions, excursions, inclusion, fees, policies, procedures, our status as a Sun Smart service, regulations for our state and the licensing and assessment process, signing in and out procedure, the National Quality Framework, room routines, educator qualifications, introduction of educator in the room the child will be starting in and educator and parent communication. Families are also invited to ask any questions they may have.
- Families are given a copy of the Parent Handbook to read and are invited to ask questions.
- Discussions are held between office staff and families regarding availability of days, a start date and tailoring an orientation process to suit the needs of the family and child. Any matters that are sensitive of nature, such as discussing a child's medical needs, Court Orders, parenting plans or parenting orders, will be discussed privately with the Nominated Supervisor at this time. We request that parents begin to fill out enrolment forms at that time and discuss their child with us so we can accommodate their needs in the service from the first day they start with us. Should a child use English as a second language, or speak another language at home, we request that families provide us with some key words in the languages the child speaks at this time so that educators can learn the words.
- Families can claim Child Care Subsidy online by signing into their Centrelink online account through my Gov and completing a Child Care Subsidy claim. If eligible, the Subsidy will be paid directly to the service on families' behalf and will reduce the fees owed. This can only occur after our service enters families' enrolment information online, and families confirm their enrolment information through their myGov account. Until Child Care Subsidy details are available, families will need to pay full fees.
- As per our Orientation for Children Policy, families will be invited to bring their child into the service at a time that suits them so the child and family can familiarise themselves with the environment.
- Before the child begins their first day with us, the service must have all required documentation for the child. The child will not be accepted into the service without this being completed.

Version 2 3/8

• We will formally advise families in writing if their child is receiving a funded kindergarten program.

On the child's first day:

- The child and their family are welcomed into their room for the first day.
- The Nominated Supervisor will ensure all details are finalised and complete and sign the enrolment Checklist.

Other information about our service's enrolment includes:

- We will try and accommodate families so that children from the same family can attend our service.
- There are strict immunisation requirements for children who are enrolled at our service. Please see our Immunisation Policy for further information.
- In accordance with the National Law and Regulations, our educators will support each child to manage their own behaviour, respond appropriately to the behaviour of other children and communicate effectively to resolve conflicts. We will also work with each child's family to support any children with diagnosed behaviour and social difficulties. However, a child's enrolment at our service may be terminated if the nominated supervisor decides the child's behaviour threatens the safety, health or well being of any other child at the service.

Information and Authorisations to be kept in the Enrolment Record

Our Record Keeping and Retention Policy outlines the information and authorisations that we will include in all child enrolment records.
